Auctioneers, PERTH

Telephones: Perth 783 & 784

Telegraphic Address: "Fraser, Perth"

CONDITIONS OF SALE.

1. The Cattle will be exposed separately according to the numbers in the following Catalogue. The Auctioneers reserve the right to refuse any bid without assigning any reason. The highest offerer of each lot will be preferred to the purchase (subject to Article 3)—each offer exceeding the former by at least one guinea. All entries must be clearly tattooed in the ear with their correct tattoo letters and numbers in accordance with the Regulations of the Shorthorn Society, and any animal found not being so tattooed will be reported to the Directors of the Scottish Shorthorn Breeders' Association, and such animal may be rejected from the Show and Sale. Twins must be so described, also whether twin with a bull or heifer.

2. The pedigree of each animal is guaranteed to be correct and registered or accepted for registration in Coates' Herd Book by the person whose name appears as the Exposer, but every animal is sold subject to all faults otherwise, with the exception that if a bull has only one Testicle down, the Owner must make intimation to this effect in the Catalogue. No liability whatever is undertaken by the Auctioneers for the statements appearing in the Catalogue or made at the Sale. The Exposer who supplies such statements is alone responsible for any error or mis-statement. Animals affected with any disease of an infectious nature or animals out of an infected Herd are strictly prohibited from being brought to the premises occupied or used by the Company at the time and should any such be brought, the Owner or Consigner will be held responsible for all damage or loss occasioned thereby.

3. The Exposers reserve the right to fix a reserve price, and to announce same before the bidding begins or during the time of the bidding or at the conclusion thereof. The right to bid by or on behalf of the Seller in terms of the Sale of Goods Act, 1893, is expressly reserved. Every animal must be the *bona fide* property of the Exposer at the time of Sale.

4. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the Buyer, and it is declared that until a settlement shall be made in terms of these Conditions the delivery of the animal shall be suspended. The right of property shall not pass until the price is paid.

5. Immediately after the Sale all lots must be paid for in cash to the Auctioneers. The price being paid, each lot shall be taken away at the Buyer's expense within one day after the sale thereof. Lots shall only be removeable from the Auctioneers' possession on a written order from their clerk, and any lot removed in contravention of this condition may be recovered *brevi manu* by the Auctioneers.

6. Should any Buyer fail to pay for and remove his purchase in compliance with the above Conditions, the Auctioneers in their option may either (a) sue the Buyer for the price and interest thereon at the rate of *Six per Centum per Annum* and for the keep of, and any other expense incurred by them in connection with such purchase, or (b) re-sell the Lot either publicly or privately and recover from the defaulting buyer the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and all other expenses. In either case, the Auctioneers shall have the right to sue at their own instance without the consent of the Owner or Consigner, and no defence

whatever in such action shall be competent to the Buyer who shall have recourse against the Owner or Consigner alone.

7. If any animal be sold with option to "Test," such condition shall not operate to suspend the sale or the passing of the risk but shall have effect only as follows:—

- (a) The condition shall be provable only by entry in the Auctioneers' Sale Roll.
- (b) The option to test shall only operate in the case of bulls realising 75 guineas or over, and females realising 50 guineas or over. The Purchaser may require the Intradermal or Subcutaneous Test for Tuberculosis. The Purchaser may also require the animal to be submitted to an Agglutination Test for Contagious Abortion at a Laboratory approved by the Ministry of Agriculture, and to a test for John's Disease with the biological product known as Johnin. Notice in writing of the intention of the Purchaser to carry out such tests must be given to the Auctioneers before, or immediately after, termination of the Sale.
- (c) The test shall be made by a Veterinary Surgeon to be mutually chosen between Buyer and Seller or, failing their agreement, to be chosen by the Auctioneers.
- (d) The test or tests shall only be made when the animal is (in the opinion of the chosen Veterinary Surgeon) in a fit state for testing. The time for testing shall be limited to three weeks after Sale, with power, however, to the Auctioneers to extend the period of testing from time to time if they, after hearing the chosen Veterinary Surgeon, deem such extension reasonable.
- (e) The declaration of the chosen Veterinary Surgeon that the animal has been duly tested and the result of his test shall be final and binding on both Seller and Buyer.
- (f) If the animal be so declared not to have passed the test, the Buyer shall have the right to require the Seller to re-purchase the animal at the price of the original sale. Such requisition shall be notified in writing to the original Seller, and from the date of receipt of such notice the risk and expense of the animal shall be transferred to him.
- (g) In any case where the option to test is exercised, the Auctioneers shall be entitled to retain the price until the result of the test is declared.
- (h) The expense of any such test or tests shall be borne by the Purchaser.

8. Should an Exposer wish to warrant a bull as being a good server and stock-getter or such other qualified warranty as the Exposer may wish to give, such warranty shall be included and shall form part of the description of the bull as shown in the printed Catalogue. Should a warranty of good service and stock-getter be given, and should it be established subsequent to the Sale that the bull is incapable of service, or while capable of service is incapable of getting stock, a Purchaser shall be entitled, within sixteen weeks from the date of the Sale, to intimate such incapacity to the Vendor, and if such

incapacity shall be proved by a Certificate of a Veterinary Surgeon mutually chosen, the Vendor shall be bound to accept delivery of the bull and refund the Purchaser the full purchase price of the bull. To establish a Claim under this condition, the Purchaser must give notice of his claim within sixteen weeks of the Sale. Should the Purchaser and Vendor not agree upon the appointment of a Veterinary Surgeon to examine the bull, the Auctioneers shall appoint a Veterinary Surgeon for this purpose and shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid. In his certificate the Veterinary Surgeon must state that he has examined the bull, that its impotence or incapacity is not due to injury suffered or illness contracted since the purchase, and that he has also examined the cows or heifers upon which the bull has been tried and found them in a normal breeding state or condition, and he shall give his reasons for declaring the bull ineffective and incapable of getting stock. Notwithstanding the right of the Purchaser to return the bull to the Vendor on the ground of impotency or incapacity, the Vendor shall in no case be liable under this condition for a sum exceeding the amount for which the bull was sold (plus any expenses which may be awarded by the Auctioneers against the Vendor in terms of this paragraph) less its saleable value at the date of the Veterinary Surgeon's Certificate. In respect of bulls purchased for export, no claim under this Article shall be valid unless made prior to the shipment of the bull or within sixteen weeks of the Sale whichever is the earlier date.

9. All females born after 1st August must be certified to have passed the Agglutination Test for Contagious Abortion within three months of date of Sale, or must have been vaccinated. The blood samples for the Agglutination Test must have been taken by a Veterinary Surgeon and submitted by him to an approved laboratory. Animals having passed the test must not, prior to the Show and Sale, come into contact with any animal that is known to be infected with Contagious Abortion. The entry of any animal which has not passed the Agglutination Test but which has been vaccinated, can only be accepted providing that one of the following certificates (signed by a Veterinary Surgeon) is supplied:—

- (a) That the animal was inoculated with Br. Abortus Vaccine No. 1 (Strain 19) when between four and eight months old and within three years of date of Sale, or
- (b) That the animal having passed the Agglutination Test was then vaccinated within fourteen days with Br. Abortus Vaccine No. 1 (Strain 19) when over eight months old and within three years of date of Sale, or
- (c) That the animal having been previously vaccinated in accordance with either (a) or (b) was re-vaccinated within three years of the previous vaccinations and not more than three years prior to date of Sale.

10. All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of Sale, or stated as having been running with a bull between dates (the later of which is not less than twelve weeks before date of Sale), will be guaranteed to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of Sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed. All claims which may

be competent under this Condition must be intimated to the Auctioneers within sixteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animal or within the said period of sixteen weeks whichever is the earlier date. To establish any claim under this Condition the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement a Veterinary Surgeon shall be appointed by the Auctioneers. In his Certificate the Veterinary Surgeon must state that the condition of the animal was not due to any injury or disease contracted since the Sale. Should a claim be established and made as a result of the Veterinary Surgeon's Certificate the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision. Failing agreement between the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid.

11. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale or to forward it to its destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.

12. If any dispute—other than (a) a dispute or question relating to the conduct of the Sale and (b) a dispute for the settlement of which provision has been made in terms of these Conditions—shall arise regarding any Shorthorn animal registered in Coates' Herd Book and sold at this Sale, such dispute shall be referred to the Council of the Shorthorn Society of Great Britain and Ireland as sole Arbiters for settlement, and the decision of the Council shall be final and binding on all parties to the dispute.

13. Private Sale. Each animal entered in the Catalogue must be offered for sale by Auction before any private sale shall be allowed or recognised by the Auctioneers. The usual commission must be paid on all animals afterwards sold privately within the premises of the Auctioneers.

14. Without prejudice to the foregoing Conditions of Sale it is hereby expressly declared that the Exposer by selling and the Purchaser by purchasing any animal in terms of the Conditions of Sale shall be bound by the above Conditions of Sale and shall be bound, where a dispute is referred to a Veterinary Surgeon, to accept the verdict or decision of the Veterinary Surgeon as final and binding on both Exposer and Purchaser. Neither party shall have any recourse to law in respect of said dispute otherwise than on the ground of fraud.

15. The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or among Offerers themselves. His decision shall be final and binding on all parties.

THE SPECIAL PRIZES.

THE "DUNMORE PARK CHALLENGE CUP."

A Cup, to be known as the "Dunmore Park Challenge Cup," presented by the late Mr. P. Forbes Jones, of Dunmore Park, Larbert, for the Best Shorthorn Heifer, bred by the Exhibitor, and calved on or after 1st December, 1946. The Cup to be won outright by an Exhibitor winning it Three Times in succession, or Five Times altogether, not necessarily in succession. Animals competing must have passed the Tuberculin Test.

AUCTIONEERS' CHALLENGE CUP.

A Silver Challenge Cup, the property of the Auctioneers, to be competed for annually, will be given for the Best Three Bulls in the Showyard, calved on or after 1st August, 1947, and bred by the Exhibitor or bought in as calves, and to have been in the Exhibitor's possession at least three months previous to the date of the Show.

THE "PITTODRIE CHALLENGE CUP."

A Cup, to be known as the "Pittodrie Challenge Cup," presented by R. Laidlaw Smith, Esq., Pittodrie, Pitcaple, Aberdeenshire, for the Best Group of Three Bulls by the same Sire, the Sire and Dams to be in the possession of the Exhibitor at the date of the Show (death of the Dams or Sire in the Owner's possession not to count against an Exhibitor). The Cup to be won outright by an Exhibitor winning it Three Times in succession, or Five Times altogether, not necessarily in succession.

THE "LOVAT" CUP.

Presented by Brigadier The Lord Lovat, D.S.O., M.C.,
Beaufort Castle, Beaulieu.

For the Best Group of Five Shorthorn Bulls, bred by Exhibitor, to be won Five Times in succession before becoming the Breeder's property outright.

THE "MILLHILLS" CUP.

The Cup to be known as "The Millhills Cup" presented by D. M. Stewart, Esq., Millhills, Crieff, for the Best Shorthorn Bull bred by the Exhibitor, and calved before 1st March, 1948, and not exceeding $2\frac{1}{2}$ years old. The Cup must be won either Three Times in succession by any one Exhibitor, or Five Times altogether, before becoming his property.

"THE SECOND LINZEE GORDON TROPHY."

Presented by Mrs. Claeson-Gordon, of Cluny Castle.

The Cup to be known as "The Second Linzee Gordon Trophy," for the Best Shorthorn Bull bred by the Exhibitor, and calved on or after 1st March, 1948. The Cup must be won either Three Times in succession by any one Exhibitor or Five Times altogether, not necessarily in succession, before becoming his property. The Cup to be returned to Macdonald, Fraser, & Co., Ltd., Perth, before 1st January, 1950.

THE "UPPERMILL" CHALLENGE CUP.

Presented by Mr. James Durno, Uppermill.

For the Best Shorthorn Bull, not exceeding $2\frac{1}{2}$ years old, bred by the Exhibitor.

CONDITIONS OF COMPETITION FOR ABOVE CUP.

Animals must be entered for bona-fide sale at a Reserve Price not exceeding 100 guineas, and may not be bought back by the Exhibitor or return to his Farm or Herd. The Cup must be won Three Times by any one Breeder, but not necessarily in succession, and by different Bulls, before becoming his property. The Cup to be returned to Macdonald, Fraser, & Co., Ltd., Perth, before 1st January, 1950.

HERDSMAN'S CUP.

Presented by Señor A. M. Flores Pirán, Agricultural Attaché to the Argentine Embassy, London, to the Herdsman who brings out the Champion of the Show. This Cup will be known as the "Herdsman's Cup," and will be presented in perpetuity, or may be won outright by a Herdsman who wins it for Three Years in succession, and is to commemorate the first occasion on which an Argentine Judge was responsible for the classification of Scotch Shorthorn Bulls at Perth.

RULES OF COMPETITION.

**N.B.—Only one attendant with each animal will be allowed
in the Judging Ring.**

1st. Bulls and Heifers entered for Competition to have been bred by Exhibitor, or bought in as Calves, and in the Exhibitor's possession at least three months previous to the date of the Show, and to have Pedigree entered in Herd Book.

2nd. The Judges to pay special attention to Symmetry of Form, and fitness for Breeding Purposes, rather than Superiority of Weight or Condition.

3rd. No appeal to be taken after the Judges' decision.

4th. None of the Competitors allowed to accompany or interfere in any way with the Judges while engaged in the performance of their duties.

5th. The Prizes are intended for, and can only be gained by Stock sent for *bona fide* Sale, and should any Prize Animals be withdrawn from Sale, or Sold privately, the Prize will fall to the next in order of merit.

6th. The Special Prize of Silver Challenge Cup for the Best Three Bulls in the Showyard at Perth Auction Market, calved on or after 1st August, 1947, bred by Exhibitor, or bought in as Calves and in the possession of the Exhibitor for at least three months previous to date of Show, to be competed for annually. The Cup is the property of Macdonald, Fraser, & Co., Ltd., and the winner of same for the current year must return it to the Company's Registered Office before 1st January, 1950.

**All Reserve Prices to be handed to the Clerk of Sale before Nine
o'clock on Morning of Sale Day.**

Warranted a stock-getter.

Blood Royal 20th is a great, massive, roan cow, from a great line of cattle.

Kinsman, a massive bull with great bone, is a son of Lawton President Roosevelt from a daughter of Calrossie Reliance. He is the sire of Millhills Despot, junior champion at Perth in 1947, and sold for 3300 guineas to Mr. R. Laidlaw Smith of Pittodrie. Another son, Millhills Decider, was sold for 50,000 pesos—the top price at the September Sale of imported bulls in Argentina in 1948.

Collynie Elect was one of the most impressive sires of recent years. Millhills Yesteryear, sire of the 1948 Perth champion, was from a daughter, and Millhills Climax, sire of the 1948 junior champion, was a son of this great bull.

This calf is full brother to Millhills Elect, sold for 1000 guineas at Perth in 1948. His dam is one of the outstanding cows in the herd, and is from a family made famous by such sons as Millhills Comet, Millhills Clarion, Millhills Xtra, Millhills Zenith, Millhills Woodman, and many others.

Kinsman, a massive bull with great bone, is a son of Lawton President Roosevelt from a daughter of Calrossie Reliance. He is the sire of Millhills Despot, junior champion at Perth in 1947, and sold for 3300 guineas to Mr. R. Laidlaw Smith of Pittodrie. Another son, Millhills Decider, was sold for 50,000 pesos—the top price at the September Sale of imported bulls in Argentina in 1948.

Collynie Leader was used for a season at Millhills. He was a dark roan son of Aldie Conqueror, from the famous Sittyton Lavender family.

Warranted a stock-getter.

Kinsman, a massive bull with great bone, is a son of Lawton President Roosevelt from a daughter of Calrossie Reliance. He is the sire of Millhills Despot, junior champion at Perth in 1947, and sold for 3300 guineas to Mr. R. Laidlaw Smith of Pittodrie. Another son, Millhills Decider, was sold for 50,000 pesos—the top price at the September Sale of imported bulls in Argentina in 1948.

Collynie Elect was one of the most impressive sires of recent years. Millhills Yesteryear, sire of the 1948 Perth champion, was from a daughter, and Millhills Climax, sire of the 1948 junior champion, was a son of this great bull.

The dam of this calf is a full sister to Millhills Xtra, Senor Bernardo Duggan's great sire in Argentina. She is a dark roan, and a beautiful, short-legged specimen of a famous family.
